OGGETTO:
Extension of Spirax-Sarco Certificate for Level Switches

Dear Sir,
It is confirmed that Spirax-Sarco Srl started the process for the TAC renewal of Level Switches:

- MEC

For the above, the ELE364018CS Certificate is considered extended until the new certificate are issued.

We have no objection for the installation of above mentioned equipment onboard RINA Classed vessels.
Any modification of the equipment(s) due to the results of the Certification process will be under responsibility of Spirax-Sarco Srl.
