

Spirax-Sarco Engineering plc

QMS & EMS Policy Statement

OUR QUALITY

Spirax Sarco Canada Ltd. is committed to an operating philosophy based on good management principles and openness in communication, integrity in serving our customers, fairness and concern for our employees and responsibility to the communities within which we operate.

Our vision is to exceed customer expectations for quality, safety, sustainability, cost, delivery and value. We have implemented the requirements of ISO 9001:2015 and are committed to the process of continual improvement of our products and services. We proactively comply with all applicable safety, environmental, legal and regulatory requirements to which we subscribe.

OUR ENVIRONMENT

We have a responsibility for doing everything we can to protect the environment, including the one in which we work. This is achieved through continually improving our environmental performance through implementation and adherence to the ISO 14001: 2015 environmental management system. Through the implementation of prevention of pollution initiatives to support our commitment to continual improvement which will allow us to reduce our environmental footprint, increase our recycling activities, develop, and implement reclamation and recovery programs, thus minimizing our overall adverse environmental impact and to comply with all applicable legal and other requirements relevant to our business.

OUR COMMUNITY

Spirax Sarco Canada Ltd. is committed to supporting the communities within which we operate. We believe in the practice of social responsibility and encourage similar behaviour in our employees and suppliers.
