

Spirax Sarco now offers...

# INDUSTRY LEADING DELIVERY

for forged manifolds!

The Spirax Sarco MSC Manifold Quick Ship program has been designed to provide market leading delivery of 3 days or less for forged manifolds.

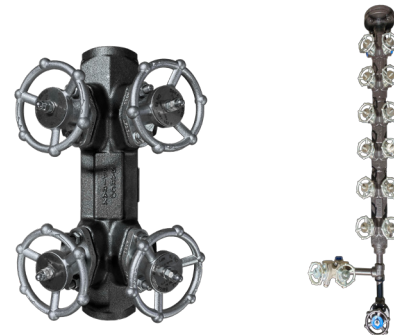

Spirax Sarco MSC manifolds centralize steam distribution and condensate collection for up to 16 sources, and come in a variety of connections, making them particularly well suited for steam tracing applications.

Contact the steam experts at Spirax Sarco for more details on the MSC Manifold Quick Ship Program.

## FEATURES:

- Compact design providing easy access for trap maintenance and monitoring.
- Provided with threaded M12 connections for ease of installation to the supporting structure or stand.
- Integral piston valves in MSC steam distribution manifolds.
- Internal siphon tube in MSC condensate collection manifolds to promote even temperature distribution and ensure single-phase discharge of condensate.
- All manifolds fitted with a stop valve for blowdown purposes to prevent condensate build up and corrosion.
- 10 year warranty on PC4000 trap stations and universal traps.
